

A CURIOSITY

Postal Card Goes From Paris, France, to Bowling Green, Ky., Without Name.

The Park City Times, Bowling Green, Ky., last week said: "A curiosity reached Bowling Green today in the shape of a French postal card, mailed in Paris, and sent to Miss Hallie Kramble Rives, the Kentucky authoress, now a resident of New York. What makes the card a curiosity is the fact that its face does not bear Miss Rives' name, but was delivered by means of her portrait painted on it by a French artist. Below the picture is the word 'New York.' So well known is this Kentucky girl in the northern metropolis that the post-office authorities recognized the picture and sent the card to Miss Rives. The authoress sent the card as a letter to a friend now residing in Bowling Green.

Back of this unique postal card a little story. Miss Rives' new novel, "Hearts Courageous," which is now making a furor in the North, has a plot which turns upon the coming of the French fleet to the aid of the Americans during the war for Independence. When the Countess de Rochembeau, a few weeks ago visited this country in connection with the unveiling of the Rochembeau monument in Washington, she read this novel and sent for Miss Rives to visit her apartment at the Waldorf-Astoria hotel in New York. A friendship sprang up between them and when the Countess called for some she carried an autographed copy of "Hearts Courageous" to the President of the French Republic.

The story was written widely in the French newspapers upon the Countess' return. The "Figaro" published Miss Rives' portrait as the author of "Hearts Courageous" but did not give her name. The Figaro's picture met the eye of the French painter, Leon Moncapeau, who wished to secure the novel from America but knew not whom to address as its author. Hence the postal card written by him in French, whose only address is Miss Rives painted picture. The translation of the card reads:

"I hope that my portrait of you copied after that in the Figaro, will serve as address in America, where without doubt, your face will be recognized immediately by the gentlemen of the postal bureau."

Miss Rives was so struck by the ingenuity of her French correspondent that she sent him a copy of "Hearts Courageous."

Forty Years a Pastor.

The West Lexington Presbytery, which met at Versailles the 16th instant, held special services in the Presbyterian church commemorating the fortieth anniversary of the pastorate of the Rev. G. H. Rout, D. D., of this city is one of the ablest and most beloved men of his church in Kentucky. A number of addresses were made. The Hon. W. G. Davis, of Versailles spoke of "The Pastor as a Citizen," the Rev. W. B. Taylor of the "Pastor as a Co-Laborer;"

Matthew Van Lear, of "The Pastor as a Presbyter;" the Rev. E. O. Guernant, of "The Pastor Among His People;" and Mr. D. B. Price, of the Versailles Presbyterian church, of "Our Pastor."

Few men hold a pastorate and do successful work for forty years, and when they do are sure they are in earnest to their call and are continually working at the Master's business.

WIRE DANCING.

Extraordinary Equilibrium by a Spanish Troupe.

Wire-walking and rope-dancing are among the very oldest of physical displays of nerve and skill. A circus program without one or more exhibitions of wire walking would be a strange affair. Although wire walking cannot be made a feature of a first class show, it can be, if extremely well done, quite interesting as a number on the programme. For that reason the management of the Adam Forepaugh and Sells Brothers Enormous Shows United, in pursuit of their policy of presenting nothing that is not the very best of its kind, have secured the very greatest troupe of foreign wire-walkers, the Four Carmins, comprising three gentlemen and one lady. They all use a single strand of wire as a roadway upon which the perform all sorts of difficult tricks, such as passing each other, jumping over one another, dancing, cackawalking and many other difficult feats of equilibrium. As wire walkers they will be an astounding revelation of the possibilities of balancing accomplishment. They are far and away the greatest wire-walkers of the civilized world. Monkeys might possibly equal them in keeping a balance, but certainly no human beings can. They will be here when these shows exhibit Friday, Sept. 28.

Going to Texas.

Rev. John H. Boyet, who so faithfully and ably assisted the Pastor of the Baptist church W. J. Bolin, in a meeting here some years ago, writes the following letter from his home in Mayville, Ky., to the Baptist Argus:

"As stated in your columns last week, I have been called to Sulphur Springs, Texas, and have accepted. This is the second time in life I have been called to a former pastorate. After a pastorate of six years at Honey Grove, Tex., and after an absence of six years, I was called there again. I shall never forget the ovation I received there on my visit last summer. I was pastor at Sulphur Springs nearly five years and have been absent from them fifteen years. They have a splendid church building, and also a good parsonage which was built while I was their pastor before, though it has been much enlarged and improved.

At Wolfe City, near where I preached six years ago to a great many country churches and where many of my earliest friends and helpers now live, their old love for me, which has never faltered, constrains them to entice me back to the State, and it means a beautiful little farm where I hope to spend my last years among them, and then sleep among their dead.

On Oct. 1st I will say goodbye to old Kentucky, whose preachers and people I love so well.

Murderer Captured and Burned.

Near San Bernardino, Cal. "General" Bruce, a notorious Indian outlaw, who several months ago murdered Victoria Maria, a young squaw, by choking her into insensibility and then burying her alive, was captured by the Indians in Southern Nevada. A rope was fastened by slip nooses around his neck and with the other end tied to the horn of a saddle. The man was then dragged for a mile across the rock strewn desert. The body, which was horribly lacerated, was then thrown on a huge pile of wood and burned.

NORTH AND SOUTH

In the Presbyterian Church Will Meet in Lexington.

The most important meeting of Presbyterians ever held in Kentucky will be held in Lexington on Tuesday Oct. 14, the meeting being the centennial anniversary of the establishment of the Presbyterian church in Kentucky. It will be a joint synodical meeting of the Northern and Southern Synods of this State. This will be the first time they have convened in a joint meeting since before the civil War, the church having suffered a schism on the slavery question at that period.

The centennial of the church's establishment will be observed. The synod was formed by the actions of the General Assembly of 1802. It embraced all the churches lying west of the boundary between Virginia and Kentucky. Across the Ohio river it covered all the territory west of Columbus and the Scioto river. These boundaries continued for twelve or fifteen years. In 1814 the synod of Ohio was constituted with the Ohio river as its southern boundary, and 1817 the synod of Tennessee was established to include the territory from the Kentucky line to the Gulf of Mexico.

A Distinctly New Feature.

Always to the fore, the K. T. H. B. Association this year announces an innovation that is attracting the attention and support of practically every prominent amateur ramsman in the country. Five cup races have been provided for amateur drivers and already such men as C. K. G. Billings, E. E. Smathers, H. K. Devereaux, F. G. Jones, C. F. Emery, C. A. Otis, etc., have assured Secretary Franklin that they will contest. The driving clubs represented include New York, Cleveland, Chicago, Toledo, Pittsburgh, Detroit, Boston, Syracuse, etc. These events for handsome trophies frequently attract as great a class of equine wonders as do the best known trotting classics, and produce in many cases most splendid contests. Heretofore such contests have been limited to clubs, but, as usual, this Association takes the initiative, and offers five such races for decision during its ten days' meeting, Oct. 7th to 17th.

Easy Feeling On the Isthmus.

Among American citizens on the Isthmus there is now a feeling of relief, as there is now a United States warship at each end of the Panama railroad line. There are no indications of an immediate attack by the revolutionists.

In a personal interview with H. G. Prescott, general superintendent of the Panama railroad, regarding the application of Friday's decree to the natives employed by that corporation, he said that his company is doing everything possible to protect them and its own property in accordance with the treaty of 1846, embodying the contract with the Colombian Government.

Forced to Accept Rates.

The local fire insurance agents, of Bowling Green, representing about sixty companies, have finally been forced to accept the rates made for Bowling Green by the Kentucky and Tennessee Board of Fire Underwriters. They made strenuous protests and sent committees to confer with the association, but to no avail. As a result the local agents held a meeting and agreed to the rates in the schedule. In some cases the rate is raised 100 per cent, and in most instances the rates have been greatly increased.

WHEAT AND CORN GOOD

Says Secretary Wilson After An Extended Tour.

Secretary Wilson, who returned Wednesday night from a trip through the West, summarized the agricultural conditions in the States he visited. These States included Nebraska, Kansas, Iowa, Illinois, Indiana and Ohio. He said there was a great abundance of crops generally.

"The wheat will be a good crop," he said. "Corn now is substantially out of the way of the frost."

"The corn crops in parts of Kansas, Nebraska and Indiana are probably the finest on record. While it may not be a record breaker, the quality of the corn is splendid, and with the exception of the Southern States, the yield per acre very heavy."

"The wheat crop of the West this year is also very fine, and the grass crop is exceedingly good. This information, taken together with the fine crop of grass, insures lower prices of meat."

Dread Secret Too Much.

A dispatch from Boston says: Lieutenant John R. Morris, U. S. N., was found dead in his stateroom on the United States ship Olympia by a fellow officer Monday. He had committed suicide by shooting with a revolver. It has always been believed among his many friends with whom he had talked about the sinking of the Maine that he had information concerning the cause which has never been made public. It is believed he knew just whose fault it was that caused the explosion, and that one was a fellow officer on the Maine.

What It Cost.

At the end of the eighteenth week of the coal strike the estimated losses are as follows: Loss to operators in price of coal, \$13,200,000; loss to strikers in wages, \$24,000,000; loss to employees other than strikers, \$5,000,000; loss to railroads in earning, \$10,000,000; loss to business men in the region, \$13,500,000; loss to business men outside region, \$8,200,000; cost of maintaining coal and iron police, \$1,000,000; cost of maintaining non-union workers, \$15,000; cost of keeping troops in field, \$275,000; damage to mines and machinery, \$6,500,000; total, \$112,020,000.

Horsemen Protest.

Several stockmen interested in race horses registered a "kick" against the promoters of the State Fair. They stated that in making a list of premiums the thoroughbred interest, one of the largest in the State, has been overlooked, and that when the taxpayers are counting up \$15,000 annually for a State fair, thoroughbreds ought to have a showing.

New Corporations.

The Coquillard Wagon Works, of Henderson, with a capital stock of \$100,000 have filed articles of incorporation. The incorporators are J. C. Rankin, J. P. Barrett, R. S. Soapier and others. The Yeager Farm, Oil and Gas Company, of Barbourville, also filed articles of incorporation, with a capital stock of \$10,000.

Himself a Platform.

Former Gov. Horace Boies was nominated for Congress by the Democrats of the Third Iowa district to oppose Speaker Henderson. He was declared to be a platform in himself and no resolutions were adopted.

A BABY ACT.

Politicians Blame Shaw for All Of the Trouble.

Surface indications point to a prospective interruption of the cordial relations existing between the president and Secretary of the Treasury Shaw, of Iowa.

The declination of Speaker Henderson to accept a renomination for Congress is responsible for the feeling that is said to exist. Shaw had been cognizant of Speaker Henderson's intentions for some time and yet failed to place the president in possession of the information. Had he done so, the president might have prevailed upon the speaker to reconsider his determination. The president is angry. He referred to Henderson's act as a baby act. Today the president's indignation is due to the belief that Henderson has placed the Republican party in a wrong light throughout the country because of the alleged reason for the step. Some of the president's friends are inclined to the belief that Shaw is playing deep in politics and that he purposely withheld the information.

New Use for Refined Paraffine Wax.

A new and important use for refined paraffine wax seems to have been discovered by a prominent resident of Ohio, living near Lancaster, who had two trees badly damaged by storm, one being a maple and the other an apple. In each case a large limb was broken down from the trunk, but still attached to it. The limbs were propped up and fastened securely with straps, very much as a broken leg might be fastened with splints, and then melted or reduced wax poured into and all over the cracks. The "surgical operation" was entirely successful. The Paraffine prevented the escape of the sap, kept out the rain and moisture which would have rotted the trees, prevented the infestations of insects, and the limbs seem thus far to be perfectly re-attached to the trees.

Free Speech and the Right to Slan

der Property Discussed By Judge O'Rear.

Judge O'Rear of the Court of Appeals today in a lengthy opinion declined to dissolve the injunction granted in Pike Circuit Court to the Northern Coal and Coke Co., C. S. Nield and others. The company owned or had contracts for the purchase of several thousand acres of coal lands in Pike, Letcher and other counties, and in the motion for injunction charged Nield and others with attempting to buy the same lands from the original owners, thus tending to discredit the company's titles to the different tracts. Judge O'Rear says:

"Men will not be permitted under the guise of free speech to falsify, represent another's property as so to impair its value, and to acquire it against the consent and right of the owner."

The clerk of the Pike Circuit Court is directed to file this order with the record of this case and spread it on the memorandum book of that court.

No Blacks Admitted.

The Republican Executive Committee of Alabama will not admit Birmingham refused admittance to negro delegates. This means that henceforth the Republican party in Alabama will be a white man's party. The elimination of the negro was accomplished through passage of a resolution on a vote of 17 to 10.

BOND FORFEITED.

H. C. Robinson, Indicted for Perjury in the Howard Case, Did Not Appear in Court.

In the Franklin Circuit Court the case of the Commonwealth vs. H. C. Robinson was called. The defendant did not answer and his bond of \$500, with I. N. McDaniel as surety, was declared forfeited.

H. C. Robinson, known as Saint Robinson, was Jim Howard's chief alibi witness. He testified that he saw Howard at the Boarding House when Goebel was shot. The Commonwealth indicted him for perjury as the result of his testimony and contradictions by State witnesses, who said Robinson had told them another story.

Robinson went to Frankfort three weeks ago under the impression that the special term of court then opened was the regular term, but has not been seen since.

Alexander R. Shepherd, former Governor of the District of Columbia during the existence of the territorial government, died Friday in Mexico. He was given the credit at one time of nipping in the bud a scheme to remove the national capital to one of the Western States.

That it will be the greatest Futurity ever conducted is a matter of fact, and when we say this, we recall, too, that such turf celebrities as Heuzet, Rose Croix, 2.11; Peter the Great 2.07; Boralmo 2.07; Fereno 2.10; and Peter Stirling have won it.

A \$16,000 purse will attract the best three-year-olds of the season, and with forty other races on the programme, Lexington's trotting carnival this season will eclipse all others. The dates, Oct. 7th to 17th, render it possible for all the grand circuit horses to contest and practically all are entered here.

We went on the buyers' excursion to the great metropolis, and never was time and money more profitably spent by us, but it was you we were thinking of—of how best we could serve your interests by serving our own. We are now ready for fall trade as we were never ready before. Not a dollar's worth of unseasonable goods has been left in our new stock. Everything is new, spick and span.

Wagon load after wagon load of new goods have been continually unloaded at the Great Busy Bee Cash Store until progress along the street was impeded. For one whole week people had to walk around or pick their way through the wall of boxes that surrounded the entire store.

The proprietors of the Great Bargains at the Busy Bee Cash Store gave instructions to their buyers before going East to leave nothing undone to make this the brimful of their business career in this city, and the buyers have certainly exerted their skill to its utmost capacity. Shelves, counters, ledges, and every available space in the large store is stacked and piled from floor to ceiling and are creaking and groaning under the immense weight of the new goods piled on them.

Our new Dress Goods are creating a big noise among the ladies who have seen them and the pretty, nobby stuff is already beginning to go out in large quantities. Our ladies know a good thing when they see it, and the beauty and elegance of these new things are so striking that they are taking advantage of them while they can get them.

Our Men's and Boys' Clothing is so far superior to any of our past efforts that it will be a death blow to all competition. Just think of buying a good Cassimere Suit for Boys for 95c., a good Wool Cassimere Suit for Men for \$3.49. Our stylish, nobby suits will cost you just half the price other merchants ask you for the same things. Our Overcoats are already on the move, and wise customers are selecting now while they can get the new styles. Have a look at our Clothing; it will pay you.

Already our customers are beginning to say that we never will sell all the Coats, Wraps, Jackets, Raglans, Monte Carlos, Fur Jackets, Furs of all kinds, Ladies' ready-made Tailored Skirts and Tailor-made Suits that fill the tables racks and even piled on the floor in our Tailor made Suit and Cloak Department. The like was never before seen in Mt. Sterling. It is a sight worth coming miles to see whether you want to buy or not. The new style garments will tempt you and low cash price will sell you.

Our Underwear fills nearly one entire side of our big store. Underwear to suit everybody. Can't name prices, space won't admit. Don't pay over price for Underwear. Get posted; get our prices and qualities before you buy.

All the little notions that one needs are to be had here, and there's not as much to pay for them as elsewhere. No imitations or seconds; get standing room here. You pay for what you get, and you get what you pay for.

War to the Strife, the Knife to the Hilt.

Is the ruthless command that has gone forth against high prices in our Shoe Department. You can buy any style and kind, all the best qualities in Shoes and Boots at prices so good that you pay for trash elsewhere. Don't buy a Child's, Woman's, Men's or Boys' Shoe or Boot until you have seen our bargains. We give you the best quality. Our prices are the lowest.

Carpets, Rugs, Mattings, Upholstery, Lace Curtains, Gloves, Ribbons, Lace and Hamburg Embroideries, Linens, Umbrellas, Men's and Boys' Shirts, Neckwear for Men and Ladies, Ladies' Underskirts, Hats and Caps, and anything else you want can be had here in large quantities at lowest prices.

We are rushing goods out in every department. Anybody who has anything to do with this great store's doings is working with all the vim and energy they possess. It's economy to trade with us. For money saving read every offer carefully. Our way of selling goods is not to linger, but get them out and make room for others. East, West, North and South, and from every quarter brings letters and customers for new fall goods in every department. Get in the push; don't miss a single opportunity we offer this fall.

Cash Down When Goods Are Delivered is our motto and a money saving to every customer with each purchase.

We extend to you a cordial invitation to visit us this fall, and thanking you for past favors, we are

FACTS and OBSERVATIONS

On a Trip to Wolfe County Circuit Court—Men, Their Offenses and the Penalties.

The writer left home on Monday afternoon to attend the Wolfe Circuit Court. At Torrington, we took passage in a barouche. The roads were in the condition. Our driver, apparently about twelve years old, said he was sixteen, and was the mail carrier. He evidently took us for a United States mail inspector, for he asked us if we opened the mail bags. Opening mail bags is a dangerous business, so we did not joke with him about that. You might have thought we were behind fiery steeds. If, when one of the horses stumbled, you had heard him say: "di up 'ere, ou ole debil." We made the trip, ten miles, in two hours and thirty five minutes, schedule time. As our driver was tongue-tied, we sympathized with him and asked few questions. While in town we were at the Combs House.

Hon. Frank Hopkins was there, having made a speech in the afternoon. The attendance on a first day of Circuit Court was large. Beside Mr. Hopkins there were several Legislative candidates present.

CIRCUIT COURT.

Judge Redwine presided and A. F. Byrd represented the Commonwealth. The Juries of Wolfe county do not hesitate to enforce the law, and were it not for the exceeding sinfulness of sin one would think that lawlessness in Wolfe would rapidly decrease, and that men, respecting the rights of their fellow men would live in peace, good-will and love, as they ought to.

We present most of the doings of the court for the first ten days.

FINES IMPOSED.

Jonas Campbell, shooting upon highway \$50. Goodloe Combs, George Campbell, Frank Puckett, Bruce Terrill (two cases), J. M. Hutton, same, \$50 each.

SELLING LIQUOR WITHOUT LICENSE.

James Sparlock, \$50. Rich Terrill, \$40. John Harris, James Sparlock (three cases) \$20 each. South Coldiron, James Gilley, Clay King, Wm. Clark, Sr., Bruce Terrill, Clay Ross, \$20 each. Howard Faulks, (five cases) \$20 each.

SELLING TO MINORS.

James Sparlock, George Campbell, Clarence Little, George Chapel, Red Starn, \$50 each.

MISCELLANEOUS.

MURDER.

Clay Ross was indicted for killing Mr. Maddox at Lee City.

On the docket are five murder cases, of which two are transferred: Tom Cockrell, from Breathitt and Mijo Tomljanovic from Magoffin.

LATER—The case against Cockrell has been continued till Oct. 20.

CAMPION.

The firm of Vaughn & Congleton are closing out their stock of general merchandise. Mr. Vaughn is engaged in farming in Fayette county. Mr. Congleton is the county judge and has other business engagements.

On Sunday, Sept. 14, near Torrington, Moore, aged 95, made the closing speech at Baptist Association. He spoke fervently for about twenty-five minutes.

Allison Rose, of Lee City, will with his family remove to Arcola, Ill., in October.

James Hollan, son of J. B. Hollan, has entered Centre College, but was at home on Tuesday as a witness in court.

The Democratic primary to select a candidate for circuit court clerk will be held on Oct. 18. The

We regret that men so far less control of themselves that they violate laws and commit crimes, but when they do, something must be done with a hope of saving them from like deeds again. This is one of the motives that prompts to the infliction of penalties.

How peaceful, prosperous and perpetual would be this country if men would only obey the laws of God.

We stayed at Campton till Wednesday at 2 o'clock. During that time we saw only one man who appeared to be under the influence of whiskey. He may have snuffed a bottle or he may have drunk a pint. Some men are easily effected by intoxicants.

At Torrington we took delayed train and went to Jackson. After supper we strolled in the moonlight to see our friend, T. G. Denton, bookkeeper for Day Bros.

The streets were practically deserted. We saw three men coming and two going. Nobody shot at us, and we saw nothing suspicious. We had heard that people do not walk the streets much at night.

The bloodied in Breathitt county cries out for vengeance. Terrible will be the retribution. "Vengeance is mine, I will repay saith the Lord."

Oh, why will men persist in their murderous way? Turn! Turn! Why will ye die?

We left at 6 o'clock Thursday morning. Our first stop was at STANTON.

Wm. Conner aged about 65 years, died at his home near Stanton on Tuesday, Sept. 16, 1902, of pneumonia. A wife survives him. He is kinsman of Dick Conner, of Spencer.

The corn of Powell is fully up to the average.

J. S. Ewen and Ab Hall sold to Cas Prewitt, of Montgomery, some nice feeders, about 1100 lbs, at 4jc. Wm. Bowen also sold him.

Hogs are scarce, few sales. Mrs. Tom Conlee, of North Fork, is seriously ill of typhoid fever.

Clay Turner and T. C. Quisenberry, of Montgomery, were in the county on Wednesday and Thursday looking for cattle. Q said that at Ford, Ky., was the "largest drying plant in the world." W-h-e-w!

In the jail there are now two prisoners—Charles Holmes, for robbing, and Tom Cockrell of Breathitt, for killing Ben Hargis. Cockrell has been here since May 1. We spent several minutes with him, but have no sensational story to tell. Our talk was for him.

At present there are only five announced candidates for Circuit Clerks: A. H. Norton, W. T. Stringer, V. C. Martin, H. T. Derickson, and M. R. Lyle, with other precincts to hear from.

On Thursday marriage license was issued to Sanford Hall and Mrs. Carrie Townsend.

On Tuesday morning at Tee Table Shoals near Mouth of Walker's Creek in Lee county David Lucas and Chas. Hibbins became involved in a quarrel over 14 bushels of corn. Lucas shot Hibbins with a shot gun, killing him instantly.

Agals we thank the officials of the L. & E. for the attractive landscape gardening at Natural Bridge.

We heard Rev. B. A. Jenkins preach in Winchester at night, and reached home at 9:47.
